

1) Product Identification

HeatLink® #01321 (Enercon EC-517)
Product Use: boiler and cooling water treatment

Enercon Water Treatment Ltd.
3606 - 6 Avenue North; Lethbridge, AB; T1H 5C4
Emergency Phone: Canutec 613-996-6666

Transportation of Dangerous Goods Classification:
Non-regulated
WHMIS classification: none

2) Ingredients

This product contains no hazardous ingredients as defined by the WHMIS regulations.

3) Physical Data

Physical stateliquid
Odor threshold..... N/D
Specific gravity 1.16
Density..... N/D
pH..... 6.5
Solubility in water..... N/D
Appearance and odor amber
Freezing point.....(°C) N/D
Boiling point.....(°C) ~100°C
Vapor pressure (at 20°C) As water
Vapor density (air=1) As water
Evaporation rate (butyl acetate=1) <1
Coeff. of water/oil..... N/D

4) Fire and Explosion Hazard Data

Conditions of flammability: Nonflammable
Extinguishing media: N/A
Special procedures:.....None
Flash point: (°C TCC)None
Flammable limits in air % by volume:lower: N/A
.....upper: N/A
Auto ignition temp: (°C)none known
Explosion data:.....None
Sensitivity to impact:.....None
Sensitivity to static discharges:.....None

5) Reactivity Data

Stability (normal conditions):stable
Conditions to avoid: N/D
Conditions of reactivity: N/D
Incompatibility (materials to avoid):none known
Hazardous decomposition products:none known

6) Toxicological Properties

Route of entry:
• eye contact
• ingestion
Effects of acute exposure:
• May cause skin irritation on prolonged contact to some sensitive persons.
• May be a minor irritant to the eyes.
• No known inhalation hazard.
• Ingestion of large quantities may cause stomach upset.
Effects of chronic exposure: N/D
Exposure limits: N/D
Irritancy:..... not normally applicable
Sensitization: N/D
Synergistic mat: N/D
Reproductive eff: N/D
Teratogenicity: N/D
Carcinogenicity: The ingredients of this product are not considered to be carcinogens by the National Toxicity Program, the International Agency for Research on Cancer or the Occupational Safety and Health Administration.
Mutagenicity: N/D

7) Preventative Measures

Personal protective equipment:.....None
Respiratory protection:Not normally required
Ventilation requirements:Mechanical (general)
Spill and leak procedures:
• Stop leak
• Ventilate area
• Use specified protective equipment
• Pickup with mineral absorbent
• Place in waste disposal container
• Wash down floor.
Waste disposal: Small amounts (Up to 1L) may be flushed to sewer. Dispose of larger amounts of contaminated material in accordance with local municipal regulations.
Handling procedures: No special requirements.
Storage requirements: Keep containers closed when not in use; store in a cool, dry place.
Special handling information:None

8) First Aid Measures

Skin Contact: Remove contaminated clothing. Wash exposed area with a large quantity of soap solution or water for 10 min. Launder clothing before reuse. If irritation develops contact a physician.

Eye Contact: Immediately flush eyes with water for 15 minutes. Contact a physician for additional treatment if discomfort develops.

Inhalation: Remove victim from contaminated area to fresh air.

Ingestion: If awake, give plenty of water to drink. Do not induce vomiting. Contact a physician.

9) Other Information:

none

10) Preparation Information

Prepared by:

HeatLink Group Inc.
4603E - 13th Street N.E.
Calgary, Alberta T2E 6M3

Date prep./rev.: 2007.10.01
